We want everyone who visits the Get-ADA-Compliant.Today website to feel welcome and find the experience rewarding, going above and beyond the The Public Sector Bodies Accessibility Regulations 2018.

### What Are We Doing?

To help us make the Get-ADA-Compliant.Today website a positive place for everyone, we've been using the [Web Content Accessibility Guidelines \(WCAG\) 2.1](#). These guidelines explain how to make web content more accessible for people with disabilities, and user friendly for everyone.

The guidelines have three levels of accessibility (A, AA and AAA). Since this is a very simple and small website, we've chosen Level A Compliance (basic compliance).

**We're Working Hard To Achieve Our Goal Of Level A Accessibility, But We Realize There Are Some Areas That Still Need Improving. The Following Information Explains What We're Doing To Make That Happen.**

- **1.2.5** Have you provided an audio description for video content?

The video content is not of a type which would warrant an audio description. This will be addressed if and when such video content is added.

- **1.2.7** Do you have extended audio descriptions for video content?

The video content is not of a type which would warrant extended audio descriptions. This will be addressed if and when such video content is added.
